

Customer Refund Policy

This document describes refund eligibility, the refund period, cancellation rules, and important exceptions for Aspire Demo products.

1. Refund Eligibility

Customers may request a refund for digital subscriptions and software licenses if the product has not been heavily used and the request is made within the refund period. Physical products must be unused and returned in original packaging.

2. Refund Period

The standard refund period is 30 days from the date of purchase. Requests submitted after 30 days are not eligible for a refund unless an exception listed in this policy applies.

3. Cancellation Rules

If you cancel within the first 30 days, you receive a full refund. If you cancel after 30 days, the remaining subscription period is non-refundable, but you keep access until the end of the current billing cycle. Enterprise annual contracts require written cancellation notice at least 14 days before renewal.

4. International Customers

International customers follow the same 30-day refund period. Refunds are issued in the original payment currency when possible. Bank or currency-conversion fees charged by the customer's bank are not reimbursed. Shipping costs for returned physical products outside the home country are paid by the customer unless the item is defective.

5. Exceptions

Exceptions may apply for defective products, accidental duplicate charges, or service outages lasting more than 72 hours. Gift cards and customized professional services are non-refundable.
